

REMARKS

The foregoing amendment makes only minor (typographical and cosmetic) change to the specification of the application. Specifically, in the previous amendment the equation of the paragraph beginning on page 22, line 1, intended to make only a cosmetic change to the equation (changing the spacing so that the equation would fit on a single line). It was since discovered that the previous amendment omitted an open parenthesis (“(”) immediately preceding the “R1+R2+R3” expression. This parenthesis was in the original equation, and has been added back by this amendment. Therefore, no new matter is added by this amendment, as it merely corrects a clear typographical error.
